

THE GLOBAL ROAD SAFETY REVIEW

ANALYSING TECHNIQUES, PRODUCTS
& SERVICES FOR SAFER ROADS

Print & Digital Publication

ITS International and *World Highways* are once again combining their editorial expertise and circulation data to create *The Global Road Safety Review*. This popular annual publication will include case studies highlighting best practice and industry experts will be interviewed for their views on trends that will shape the sector. We also identify the latest products and services being deployed to improve road safety.

“THE LARGEST CIRCULATING
AND DEDICATED ROAD SAFETY
PUBLICATION THIS YEAR”

TOTAL CIRCULATION: **70,000**

To help you reach this important market, all advertisers can submit a 200-word product release and photo for inclusion, guaranteeing that your products can be seen and responded to.

The Global Road Safety Review covers:

- Barriers
- Road surface treatments
- Reflective material
- Tunnel safety systems
- Detection/CCTV
- Delineation
- Work zones
- Weather systems
- Enforcement
- Lighting systems
- Signage

Print & Digital Publication

Reach key buyers and decision makers

As your company has a vested interest in this sector, you need to advertise within this publication and be visible. *ITS International* and *World Highways* were voted the two best read magazines in the Intertraffic International Readership Research 2014, so an exceptional level of exposure is assured.

With a global circulation of 70,000 copies, produced in print and digital formats, *The Global Road Safety Review* offers your company an unparalleled opportunity to reach key buyers and decision makers in this sector. The need for improved road safety will never go away, so make sure your company secures business in this burgeoning area by advertising in the only publication wholly dedicated to the subject: *The Global Road Safety Review*.
